(2) The District Board of Kadur have not sufficient funds to ^{meet} ~~discharge~~ their legitimate recurring demands. To afford relief a grant-in-aid of Rs 2500 per year is being given for the maintenance of the Bobabandan Hill road. Even with this help they find it difficult to meet their demands. The St Bd see no way to improve their resources. The P. W. D have more than once vetoed all proposals to take up additional roads with the limited funds at their disposal for road repairs.

(3) May the St Bd be informed that Govt regret their inability that the road can not be taken up by the P. W. D and that the St Bd should continue to maintain it.

(4) Improvement of the Malnad Tracts.

12/3 is no doubt desirable, but there is absolutely no reason for the Central Govt taking up the functions & duties of the local St Board, and thus transferring to the shoulders of the General Taxpayer the burden of providing conveniences for the local people.

(5) Draft declining sanction

Letter No. 5026/B 15-14-2 dated 20th January 19

1111. Reply:-

stating that the feasibility of improving the finances of

the District Board by levying tolls on the important Roads

in the District may be investigated and an application for

an additional allotment for the Solihull - Halesowen Road

made with a proposal to find the extra funds, if possible

from toll realisations on it.

Resolution:- Resolved that as the levy of tolls on some

of the main roads is not likely to improve the finances

of the District Board to any appreciable extent, the Board

disapprove of this course and request that Government

may be moved to undertake the maintenance of these roads

from Provincial Funds as facilities of communication will

materially improve the condition of the people in the muni-

and trusts.
